

Align with Constellation

POINTS OF LIFE

Constellation Health Services partners with Assisted Living Communities to enhance resident care. You can rely on our quality staff for resident and family support.

Our Medicare certified agency, Constellation Home Care provides:

- Skilled nursing
- Physical, occupational and speech therapies
- Medical social work and behavioral health nursing
- Home health aides

Our Private Duty certified care assistants, companions and homemakers provide:

- Companionship to residents
- Assistance with the transition of new residents
- Transportation to doctor appointments or other medical visits
- Accompaniment for residents at special events like weddings, graduations, showers, birthdays
- Visits ranging from two hours to live-in care
- 24/7 emergency support

Geriatric Care Managers are available to the facility, residents and families to:

- Coordinate professional services with attorneys, financial planners and medical professionals
- Make regular visits to the client and communicate updates in patient status to families and facility
- Assist with insurance documentation, Medicaid applications and bill paying
- Escort clients to physician appointments
