

What family members are saying:

“ Since Constellation has been providing care to my mother, there has been a tremendous change in her attitude and well-being. I can hear it in her voice. My mother sounds cheerful, which was missing before Constellation came to care for her. ”

“ Your staff members are not only compassionate and caring but also very knowledgeable regarding my wife’s care and has given her time to adjust to daily living with Alzheimer’s Disease. ”

Constellation Home Care

Constellation Home Care offers a suite of integrated services with one goal in mind: to maximize independence and help all patients get closer to the things they love.

Our team of compassionate professionals provides a premier standard of care in the comfort and privacy of the patient's home. We also provide services to patients in assisted living facilities and group homes.

Whether due to a new illness, recent surgery or an injury, we collaborate with the patient, family and physician to establish the best possible plan of care that fits their individual needs and goals.

Constellation Home Care can provide:

- Skilled nursing
- Behavioral health nursing
- Home health aides
- Physical therapy
- Occupational therapy
- Speech therapy
- Medical social work

Under Medicare, patients who are homebound are eligible for home care to help manage a change of condition or acute situation, such as:

- New diagnosis
- Exacerbation of illness
- New medications
- Multiple falls
- Change in cognition/function

Constellation Private Duty

Constellation Private Duty provides clients with:

- Careful, initial nursing assessment and a customized service plan that is regularly reviewed and revised.
- A warm, compassionate and capable caregiver who genuinely enjoys and engages with her/his clients.
- Regular on-site visits by a nurse manager to supervise our staff and ensure the best care possible.
- An open line of communication with both our business and nurse managers to discuss care issues and concerns.

Caretaker, companion, housekeeper — our private duty services take the whole person and all of his or her individual needs into account. We can provide the following services by the hour or around the clock (live-in):

- Personal Care: bathing and hygiene, dressing, meal preparation.
- Companionship: personal support or just someone to talk to.
- Household chores: assistance with tasks in the home or around town.
- Accompaniment to MD appointments and other scheduled errands.
- Support: respite for caregivers.

Quite simply, it is all about getting the right care at the right time, at a cost that is affordable.

Geriatric Care Management

Constellation Geriatric Care Management (GCM) is dedicated to helping elders, chronologically ill adults and their families identify the best available resources, providers of care and living settings – and how to pay for them – now and in the future.

Our care managers are certified professionals who serve as a personal, experienced partner equipped with the knowledge, skills and compassion to provide just the right amount of guidance and assistance to our clients and families.

Individual service may include:

- Comprehensive assessment
- Plan of care development for current and future needs.
- Coordination of care with other services
- Supportive counseling to clients and families.
- Provision of regular visits to the client – at home, in assisted living or nursing home.
- Communications and updates to busy families.
- Assistance with insurance documentation, Medicaid applications, bill paying.
- Escort to physician appointments
